"The opportunity to listen to the stories of dynamic women. The opportunity to network, renew friendships, and foster new relationships."

The power of storytelling was truly inspiring and as an aspiring administrator, it humbles me to hear the stories many great women have about their leadership journey."

"Networking with other female administrators. Learning more about myself as a female educational administrator. The opportunity to reflect on my own journey."

"I am a first-time attendee and this conference is outstanding. I eagerly anticipate attending in the future."

"We are in year two of RTI and I appreciate the information presented on RTI at the Caucus. I particularly value the parent communication piece as we will be focusing on this more in the upcoming school year."

"I am so honored to be here as an administrative intern and found the empowerment and inspirations of so many wonderful administrators here at the conference have helped me build confidence and has allowed me to look forward into the many adventures to come for me in leadership. Thank you so much! This is just so awesome!!!"
