March 19, 7:45 p.m.

PASA has received questions from members regarding the continuation of providing student lunches now that the governor has announced the closing all non-life sustaining businesses in Pennsylvania as of 8:00 p.m. this evening. (See press release below.)

We contacted the governor’s office and confirmed that this evening's announcement DOES NOT prohibit school districts from continuing to bring their food service staff in to prepare lunches for students. In addition, the governor’s office has clarified that this order DOES NOT pertain to essential employees.

From the Governor's Office

FOR IMMEDIATE RELEASE
March 19, 2020

ALL NON-LIFE-SUSTAINING BUSINESSES IN PENNSYLVANIA TO CLOSE PHYSICAL LOCATIONS AS OF 8 PM TODAY TO SLOW SPREAD OF COVID-19

Wolf Administration Orders Closure of Non-Life-Sustaining Businesses at 8 p.m. Today, March 19
Enforcement Actions for Restaurant, Bar Dine-In Closure Began at 8 p.m., March 18
Enforcement Actions for Non-Compliance will Begin at 12:01 a.m. Saturday, March 21

Harrisburg, PA – Governor Tom Wolf today ordered all non-life-sustaining businesses in Pennsylvania to close their physical locations as of 8 p.m. today, March 19, to slow the spread of COVID-19. Enforcement actions against businesses that do not close physical locations will begin at 12:01 a.m. Saturday, March 21.

In extenuating circumstances, special exemptions will be granted to businesses that are supplying or servicing health care providers.

“To protect the health and safety of all Pennsylvanians, we need to take more aggressive mitigation actions,” said Gov. Wolf. “This virus is an invisible danger that could be present everywhere. We need to act with the strength we use against any other severe threat. And, we need to act now before the illness spreads more widely.”
The governor had previously encouraged non-life-sustaining businesses to close to mitigate the spread of COVID-19. Restaurants and bars were already required to stop all dine-in services. Enforcement for establishments with a liquor license began at 8 p.m. March 18, and enforcement for all other food establishments will begin at 8 p.m. tonight. Food establishments can offer carry-out, delivery, and drive-through food and beverage service, including alcohol.

Pursuant to the Emergency Management Services Code, the governor is granted extraordinary powers upon his declaration of a disaster emergency, such as COVID-19. Among these powers, the governor may control the ingress and egress into the disaster area, the movement of persons, and the occupancy of premises within the disaster area, which has been established to be the entire commonwealth for the COVID-19 disaster emergency. The secretary of health separately is authorized under the law to employ measures necessary for the prevention and suppression of disease.

Separately, and taken together, the administration is exercising these powers to temporarily close all non-life-sustaining businesses and dine-in facilities at all restaurants and bars across the commonwealth. Persons must be removed from these premises to cope with the COVID-19 disaster emergency.

Failure to Comply and Enforcement

Failure to comply with these requirements will result in enforcement action that could include citations, fines, or license suspensions.

The governor has directed the following state agencies and local officials to enforce the closure orders to the full extent of the law:
- Pennsylvania Liquor Control Board
- Department of Health
- Department of Agriculture
- Pennsylvania State Police
- Local officials, using their resources to enforce closure orders within their jurisdictions

Private businesses, local organizations and other noncompliant entities that fail or refuse to comply with the governor’s orders that protect the lives and health of Pennsylvanians will forfeit their ability to receive any applicable disaster relief and/or may be subject to other appropriate administrative action. Such action may include termination of state loan or grant funding, including Redevelopment Assistance Capital Project (RACP) grant funding and/or suspension or revocation of licensure for violation of the law.

Finally, in addition to any other criminal charges that might be applicable, the Department of Health is authorized to prosecute noncompliant entities for the failure to comply with health laws, including quarantine, isolation or other disease control measures. Violators are subject to fines or imprisonment.
