Earn 60 PIL/Act 48 (Act 45) credits!

**LEADERSHIP
FOR LEARNING**
Transforming Education

“Wealth of ideas... Rethink educational design... Great professional development leads...”

The **PASA Leadership for Learning: Transforming Education** program uses a blended learning approach to provide the learner with a framework to transform education in the classroom, building and/or district. The program, developed by superintendents, consists of three on-site days and six 60-minute virtual lessons. Those who participate in all aspects of the program, including a culminating activity using an advanced technology that facilitates the personalization or customization of learning, will earn **60 PIL/Act 48 (Act 45) credits**.

Module 1: Education Past and Present

A review and discussion of the history of education, including key events that led to disparities in education, education today, and a schematic of the future of education

INSTRUCTORS: Dr. Eric Eshbach, Superintendent, Northern York County; Richard Fry, Superintendent, Big Spring; and Dr. Francine Endler, Director of Curriculum, Hollidaysburg Area

Module 2: Future of Education

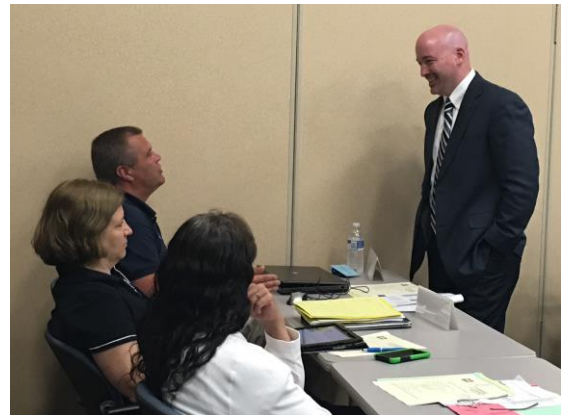

Focused on the building blocks for customization, technology literacy & advanced technological tools, technologies to enhance student learning, the use of data, and teaching practices

INSTRUCTORS: Dr. Brian Toth, Superintendent, St. Mary’s Area, and Dr. Karen Jez, Superintendent, Titusville Area

Module 3: Transforming Education

Focused on implementing personalized/customized learning for students through modeling and visualizing, design thinking for Comprehensive Planning, action planning based on the “why,” learning management systems, and five imperatives for education leaders

INSTRUCTORS: Dr. Sherri Smith, Superintendent, Lower Dauphin, and Dr. Mark Leidy, Superintendent, Mechanicsburg Area
